Introduction

Competitive intelligence is the secret weapon of TikTok Shop's top earners. While others launch products blindly, smart sellers use spy tools to see exactly what's working for competitors — their best products, top-performing creators, ad strategies, and GMV growth. FastMoss's shop spy feature is the most powerful competitive intelligence tool available for TikTok Shop in 2026. Track any shop, see their full product catalog with sales data, and reverse-engineer their strategy in minutes.

Why You Need a TikTok Shop Analytics Tool

- ■ Monitor any TikTok Shop's full product lineup and GMV performance
- ■ See which creators each competitor is partnering with
- ■ Track competitor product launches and trend adoption speed
- ■ Analyze their top-performing videos and promotional strategies
- ■ Compare your shop's performance against category leaders
- ■ Get alerts when competitors launch new products or spike in sales

Real-World Case Study

■ An Amazon-to-TikTok seller used FastMoss's shop spy feature to track the top 5 competitors in the beauty accessories niche. They identified that 3 out of 5 were aggressively promoting a specific hair tool with micro-creators. By launching 2 weeks later with better creator briefs (based on FastMoss ad analysis), they captured 18% category market share within 30 days.

Step-by-Step Tutorial: Getting Started with FastMoss

Step 1: Go to 'Shop Tracker' in FastMoss's navigation

Step 2: Search for any competitor by their TikTok Shop name or URL

Step 3: View their full product catalog sorted by GMV or growth

Step 4: Drill into their top 3 products to see associated creator videos

Step 5: Check their 'Creator Collaboration' tab to see influencer partnerships

Step 6: Review their best-performing ad creatives via the linked video analysis

Step 7: Add them to your watchlist for weekly comparison reports

Step 8: Note launch timing patterns — do they launch on weekdays or weekends?

Step 9: Cross-reference with 'Market Insights' to validate category trends

Step 10: Build your counter-strategy based on gaps in their approach
